IMPORTANT INFO

As we continue to transition to our new schedule and processes, each season's challenges are worth it for the students in the long run. Thank you for being patient as we navigate new material. A few things to notice and/or remember:

- This ***schedule is for June and July***, beginning June 1st and ending July 31st. We will take two weeks off from June 28th through July 9th. Classes resume with the regular, 5-day schedule in August
- ***Ballet for Beginners*** is an Orientation class for Beginning level students who didn't take Pre-Dance. It is free, and teachers can recommend students for it. Students may take the class for up to 4 weeks in addition to their Beginning Ballet class.
- Within 12 months, families may take one month "off" from class and pay 50% of their monthly tuition (or the equivalent, if the year was paid in full) Please provide 30 days notice in writing to morgan@foajonesboro.org
- Within 12 months, families may take one month to take an intensive at the FOA or anywhere with no charge for regular classes for the month. The office will charge the balance owed between regular class tuition and the cost of the FOA intensive. (Please provide proof of registration for any intensive that is not a part of FOA programming.)
- ***Free Dance*** is simply an open studio for dancers. It is also free for TAC students, however, students must sign up in advance, one week at a time, if they want to come.
- Lyrical and Hip Hop/Praise Dance ***will perform at the end of the summer*** in the Plaza.
- Monday and Friday students will be sent a link in their Crew Group to a Google Form to choose their replacement class in the Shortened Summer Schedule. If we do not hear back by the first week of May, we will be reaching out to finalize student placement.
