

## Covid Statement

In light of the voluntary nature of FOA programming and the risks involved in participating in any community activity, we are practicing the following procedures to address issues regarding Covid and its variants:

- 1 - We are staying apprised of the latest recommendations by the CDC and the latest published research
- 2 - We are hand washing and sanitizing more often than ever
- 3 - We are respecting current Hipaa laws regarding personal medical information
- 4 - We are not allowing participants to be with others in our programming if they are showing signs or symptoms of any contagious illness, or if they have made us aware that they have received a positive test result
- 5 - We are thankful for the Covid vaccine and hopeful that it continues to provide each person with options.
